

3/16/2020

Modulations Therapies has made the difficult decision to suspend all in-home and facility visits, due to the ongoing concern surrounding COVID-19. We have made this decision based on recommendations from the CDC, American Music Therapy Association, and local government and healthcare leaders.

We plan to offer a variety of resources to help our clients and community during this time. Current individual clients may receive video-based sessions on a HIPAA compliant platform. We are also working to develop no-screen resources for parents who want alternative options. We will be posting free videos of our weekly music groups for participants to utilize at home. Please contact me with any questions or additional needs. I am here.

Most importantly, take care of yourselves. We are part of an amazing community and we will get through this together.

Best,
Carla
